

Identification code of ribbon switches:

	model	lengths	type cables	output side	output cables	cable lengths	sealing	aluminium chanel
Ribbon blue color	102-A							
Ribbon red color	102-F							
Ribbon yellow color	202-L							
To specify in mm								
PVC normal	P							
other for special applications	U							
4 wires fail safe	F							
2 wires fail safe with R=8,2K0hm	R							
2 wires no safety	S							
Only one side	O							
From two sides	E							
From final sides (with R=8,2K0hm)	X							
500 mm	1							
2000 mm	2							
On request	3							
Sealing with connector	C							
Sealing with connector	D							
Sealing with welding	LD							
Aluminium chanel type 404-406	Y							
No chanel	N
